

The 2016 Capture Photography Festival Call for Exhibitions and Events

Date: April 1st to 28th, 2016

Location: Metro Vancouver and parts of the Lower Mainland

The Capture Photography Festival is now accepting proposals for participating exhibitions. To be eligible for inclusion in the Festival programming, proposals must be submitted before October 31, 2015. Proposals will be reviewed by Capture's submission panel and decision letters will be sent out no later than December 15, 2015.

The call is open to all exhibitions of photo and lens-based works focusing on any subject matter. Additionally, we welcome proposals for innovative events and public art projects--think outside the box! The panel will be looking to showcase projects that demonstrate artistic excellence and present a diverse range of subject matter.

All submissions must have a confirmed venue, and priority will be given to those presented in professional spaces. We will not accept proposals without a confirmed exhibition space. The number of exhibitions that will be accepted to the Festival program is limited.

Please note, proposals that are accepted into the festival will be subject to a \$300 participation fee. The fee is waived for registered not-for-profit galleries and organizations.

Festival Benefits include:

- At least one full page in the Capture Photography Festival magazine with a 200 word description of the exhibition and at least one image reproduction
